EXPERIMENTAL WRITING FOR LIVED EXPERIENCE

Join me for a new, weird, experimental creative writing workshop that will help you dig deeper into yourself or a character.

Interested in writing? Whether it be creative, fiction, non-fiction, poetry, academic, journaling, or anything in between. .

Have you ever struggled with to get your own or others experiences on the page? Looking to do some more self-reflection?

Come along for this pay-what-you-can workshop about writing across forms for personal lived experience and exploration. Whatever your background. We will experiment and explore personal self-reflection with creative writing exercises that will move your writing practice for the better!
